

Herron dining chair

**Dimensions:**

Height: 39.75"

Width: 22"

Depth: 26"

Description: With your comfort in mind, Brian Boggs designed this upholstered chair to support you exactly where and how you need support. Luxurious and light, the simple lines of the Herron chair pair well with traditional, modern or contemporary interiors. Suitable for the dining room as well as living room lounging, this comfortable chair serves elegance wherever it lands.

Designed by Brian Boggs

Proudly handmade in Asheville, North Carolina, USA

Construction Details: Combining thirty-eight years of chair design with his extensive knowledge of ergonomics, Brian Boggs presents his innovative twist on the upholstered chair, the Herron chair. Please enjoy.

Materials: A solid structure backs up this padded seat covered with our fabric, specially selected for its complement to the wood species. You may also customize further by selecting your own fabric.
