Description: Built for meetings as well as feasts with friends, the trestle table adds a classic stability to any space. Generously sized with mirrored matching boards, the bowed edges of the tabletop allow for easy gatherings.

Perfect for formal offices, meeting rooms or dining rooms where an impressive, adjustable solution is required.

Designed by Brian Boggs

Proudly handmade in Asheville, North Carolina, USA

Construction Details: Double tenons through the supporting posts at each end display the art of the craftsman, simultaneously creating a beautiful detail and ensuring the endurance of the piece through generations.

We construct all of our table tops from carefully selected logs sawn to our specifications.

Materials: This table may be constructed using any of our North American hardwood species.
