x 44"/112cm width

120"/305cm length  
x 48"/122cm width

144"/366cm length  
x 48"/122cm width

168"/427cm length  
x 50"/127cm width

**Description:** Our twin keels table series offers an elegant solution for supporting any of our table tops.

The freedom of shaping these structures allows us to create forms that can play with the surface design in the top, echo the architecture of the space they adorn, or reflect a story the client wants to tell.

In these examples our twin keels respond to the surface designs in two different artistic collaborations with our clients.

*Designed by Brian Boggs*

Proudly handmade in Asheville, North Carolina, USA

**Construction Details:** We construct all of our table tops from carefully selected logs sawn to our specifications.

**Materials:** Curly Maple & Walnut

Custom sizes available. Please contact us for consultations and quotes.
